

## Pre-procedural COVID-19 Testing

Mercy Iowa City is committed to the safety of our patients and colleagues and requires pre-procedural COVID-19 testing for all patients. **Please note, you will only be contacted if your test is positive, which will result in a postponement of your procedure.**

You will need to have a COVID-19 test on \_\_\_\_\_,  
between 7:30 a.m. – 11:00 a.m. at the Mercy Iowa City Hospital Lab.

- All hospital visitors and patients are screened for COVID-19 when entering
- Please go to Patient Registration (level two just off Main Lobby of Hospital) to register and the receptionist will direct you the lab for testing

**Once test is complete and until your procedure, it is important to:**

- Follow 6-foot physical distancing
- Wear a mask that covers the mouth and nose
- Practice hand washing hygiene

If you develop a fever, respiratory symptoms or any other COVID-19 related symptoms prior to your COVID-19 Test or your scheduled procedure, please contact Mercy Gastroenterology at 319-337-5997.

Please direct questions about coverage and/or benefits for COVID-19 testing to your insurance company.
